

# The Alamo Dome

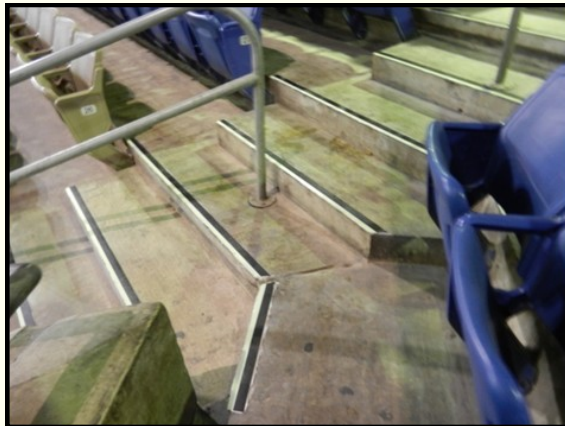

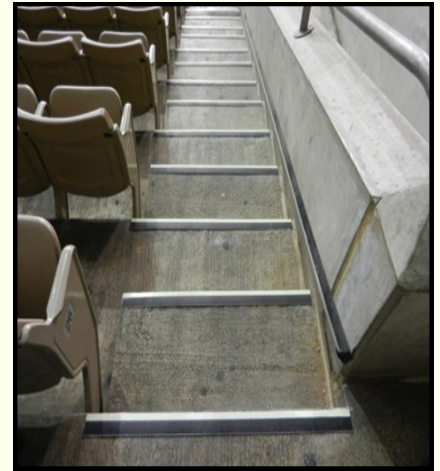

San Antonio, Texas

The Alamodome

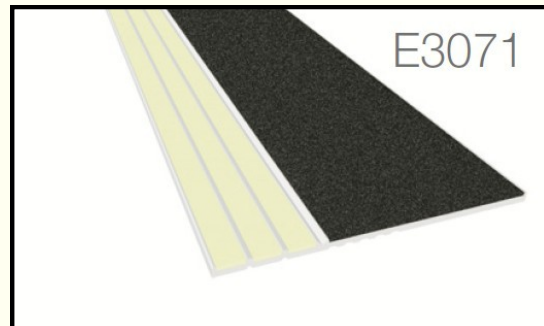

The Alamo Dome is a domed 65,000 seat, multi-purpose facility. The Alamo Dome is primarily used as a football/ basketball stadium and convention center in San Antonio, Texas.

- ROUGH** Hard wearing, UV resistant
- TOUGH** High durability; indoors and out
- SEEN** Emits a steady glow in a fully light, dim or completely dark area
- GREEN** recycles natural and artificial light.

Ecoglo was installed within the north end of the Dome. The facility manager has been very pleased with the product and plans to install the Ecoglo product throughout the entire stadium over the next year. **“They are working very well and all involved are pleased.”**
